

Shandong Weitusiai Precision Machinery Co., Ltd. is located in Dezhou City, Shandong Province, China. The company specializes in the research, development and manufacturing of metal surface finishing equipment. With its own production facilities and comprehensive manufacturing capabilities, Weitusiai integrates engineering design, fabrication, assembly and commissioning, ensuring reliable quality from initial design to final delivery. The product range includes automatic polishing machines, polishing and brushing machines, polishing and chamfering machines, dry tumbling machines and customized equipment. These machines are widely used in hardware products, sanitary products, kitchenware, sheet metal parts, automotive components and precision metal industries. With a focus on manufacturing quality and continuous improvement, Weitusiai provides professional process support, technical assistance and global services for international customers.
